

Monika Lidke, They say (ft. Janek Gwizdala)

They say
That you're not good for me
They say
You're gonna break my heart if I don't watch out
But I like your company
So I just let love live baby
Let it be

Sometimes you just follow the rules
Sometimes you choose to stray away
And take some tasty detours
And experience the thrill
Of uncertainty
And embrace it

For we only know very little
About the moment
that will follow the moment we are living right now
And as we listen to good advice
We miss out on lessons of our life

They say that you're not good for me
I say the only way to find out is to let it be
So I'll go for the thrill of uncertainty
I'll take it patiently
And if there are tears for me to cry
I hope my friends will be around.
