

MONIKA & MARCO, RUN TO THE SUN

Sometimes I stop on a red line
And then I look on a sky
The way I'm driving to freedom
It's like a run to the Sun

I wanna dive to the Ocean
I need you to take my time
Call out the stars and think on me
That's destination is far

I take my time too emotion
I'm driving too far
Look into the sky and dirty ocean
It's like a run to the Sun

Wait till the morning
Let me see the light
Baby, I just want us to run together
I want be alone tonight

Sometimes I feel my heart is beating
I need to feel free, don't wanna die
I'm packing my bags and then I'm leaving
Cos I love the way you are

I wanna dive into the Ocean
I need you to take my time
I'm looking to stars and I'm thinking
Cos my destination is far

I take my time too emotion
I'm driving too far
Look into the sky and dirty ocean
It's like a run to the Sun
