Monika Pietrasińska, Run To The Sun (ft. Marco)

Sometimes I stop on a red line And than I look on a sky The way I?m driving to freedom It?s like a run to the Sun

I wanna dive to the Ocean I need you to take my time Call out the stars and think on me That?s destination is far

I take my time too emotion I?m driving too far Look into the sky and dirty ocean It?s like a run to the Sun

Wait till the morning Let me see the light Baby, I just want us to run together I want be alone tonight

Sometimes I feel my heart is beating I need to feel free, don?t wanna die I?m packing my bags and than I?m leaving Coz I love the way you are

I wanna dive into the Ocean I need you to take my time I?m looking to stars and I?m thinking Coz my destination is far

I take my time too emotion I?m driving too far Look into the sky and dirty ocean It?s like a run to the Sun
