

Monkey Sprung, Unexpected

Woke up with the sleep in my eyes,
turned around to a big surprise,
layin there next to me was the ugliest girl i'd ever seen
so i ran to the bathroom
and dropped down on my knees
well i screamed to God oh what have i done
as i washed myself in listerine and thought

chorus

everything's gonna be alright
everything's gonna be alright
everything's gonna be alright
as long as you believe in something
as long as you believe that
something really good is gonna happen to you
it'll probably come when you least expect it
(so unexpected)
something really good is surely coming your way
it'll probably come when you least expect it
yeah so unexpected

i realized i was late for work
so i grabbed my shoes and left my shirt
i slipped out without a sound
never looking back i never turned around
as i was rolling down the freeway
when up popped my favorite song
so i lit myself a cigarette and i'll be dammed if i didn't sing along
and thought

chorus

life can bring you down
creep up without a sound
yeah life can bring you down sometimes
yeah life can bring you down
just roll it up and pass it around
cause life can bring you down sometimes
