

# Monoral, Session 9

Show me how to stay awake  
'Cause I want to feel you close  
Take a walk and think for me  
And tell me who to be

Let me hold your hand again  
'Cause you must be shaking  
Staring at each others eyes  
And we can't go on

You're moving on and on and on  
You're moving on and on and on

'Cause this time you're on your own  
And I know you need it  
Change your world around  
And I know you need it  
Leave your past behind  
And I know you need it  
Give yourself away  
And I know you need it

Let them all have a seat  
I'll be standing in vain  
Hoping you'd understand  
Nothing matters but you

Tell me how it use to be  
'Cause it seems to fade away  
Take a walk and think of me  
And show me who you'll be

Promise me you'll stay a while  
And I don't want to lose you  
Thinking of what we once had  
But we can't go back

You're moving on and on and on  
You're moving on and on and on

'Cause this time you're on your own  
And I know you need it  
Change your world around  
And I know you need it
