

# Monrose, Hit'n'Run

My Hit'n'Run  
I like how you drive  
How you lean into it  
I might take a ride  
Try you on  
Spark in the dark  
Trippin' rippin' thru with your car  
Pumpin' hard  
Then I'm gone  
I like how you drive  
How you push the limits  
Bright lights in your eyes  
Tinted glass  
You steer cavalier  
Put your body in it  
No fear maybe we're gonna crash  
I'm the track you need to race  
I've got a dangerous car for you to hawk  
The finish line is face to face  
Like it wasn't a hundred miles an hour  
Refrain:  
Start my engine  
Push the accelerator  
Get me revvin'  
Become my hit 'n' run  
Put down your window  
And turn the music up  
Faster, baby, become my hit 'n' run  
I like how you drive  
How your lip is sweatin'  
You're mine for tonight  
Brace yourself  
Don't stop for the cops  
Cause you're close to getting your shot  
On the top  
Can't you tell  
I'm the track you need to race  
I've got a dangerous car for you to?  
The finish line is face to face  
Like it wasn't a hundred miles an hour  
Refrain:  
Start my engine  
Push the accelerator  
Get me revvin'  
Become my hit 'n' run  
Put down your window  
And turn the music up  
Faster, baby, become my hit 'n' run
