

Monrose, Hot Summer

Hot, hot, hot, hot
Hot, hot, hot, hot

They're placin' me here in the bad girls section
I got a new dress
And the look's perfection
I'm introduced
to a hot producer
But i can tell he's just a stuck up loser

I keep it composed
Just wanna rip off my clothes
I wanna give out a toast
To those who're freakin' me most

"I got a feeling and i just can't let it go
Now i can't stop it baby let's get physical
Just wanna get up in a good vibration
And i can feel it in the air.."

""Its gonna be a - hot summer
A hot, hot summer
Hot summer
A hot, hot...
Gonna be a - hot summer
A hot, hot summer
Hot summer
A hot, hot...
Gonna be a....""

Hot, hot, hot, hot
Hot, hot, hot, hot

I need somebody
To release this tension
A night club is such a good invention
It makes me rid of all these complications
From here I know
That we can rock this nation

Bad to the bone
Tonight I'm claiming my throne
You got me into the zone
And now this party is on

"I got a feeling and i just can't let it go
Now i can't stop it baby let's get physical
Just wanna get up in a good vibration
And i can feel it in the air..."

""It's gonna be a - hot summer
A hot, hot summer
Hot summer
A hot, hot...
Gonna be a - hot summer
A hot, hot summer
Hot summer
A hot, hot...
Gonna be a..."

Beach life
Convertible
Short dress
Here we go

Rooftop
Party on
Can't stop
Until the mornin'

"I got a feelin' and I just can't let it go
Now I can't stop it baby let's get physical
Just wanna get up in a good vibration
And I can feel it in the air..."

"Its gonna be a - hot summer
A hot, hot summer (I feel it in the air...)
Hot summer
A hot, hot...
Gonna be a - hot summer
A hot, hot summer (I feel it in the air...)
Hot summer
A hot, hot...
Gonna be a - hot summer
A hot, hot summer (I feel it in the air...)
Hot summer
A hot, hot...
Gonna be a..."

Hot, hot, hot, hot
Hot, hot, hot, hot
