

Monrose, Stolen

We were inseparable, somehow invincible
The way you touched me deep inside left me beyond insatiable
There was no one ever
You were irreplaceable
Hit by reality, I felt my whole world freeze
Suddenly the phone rang and I dropped right down on to my knees
Choking, breaking
The clouds came over me

Chorus:

You left me here without goodbye
Now I can't even find a way through the light
Stolen, stolen
Is there nothing left living for?
Cuz I can't even breathe enough to cry no more
Stolen, stolen

You're everywhere I go, deep printed in my soul
I can see you, hear you, feel you, smell you, like you're still at home
Sleeping beside me
I've really lost control
What am I suppose to do, I can't escape the truth
Everything reminds me of the fact that I can't be with you
Stolen

Chorus:

You left me here without goodbye
Now I can't even find a way through the light
Stolen, stolen
Is there nothing left living for?
Cuz I can't even breathe enough to cry no more
Stolen, stolen

The touch of your skin - Gone!
The sound of your voice - Gone!
The look in your eyes when we use to make love - Stolen ... Gone!
The fun and fights - Gone!
We laughed and we cried - Gone!
The moments we stayed up just talking all night
Stolen from me, left with just a memory
Taken from me, I miss your every heartbeat

Chorus:

You left me here without goodbye
Now I can't even find a way through the light
Stolen, stolen
Is there nothing left living for?
Cuz I can't even breathe enough to cry no more
Stolen, stolen
