

# Monrose, We love to entertain you

Driving on the fastlane  
Yeah we love to entertain  
Momma told me I'm insane  
All the boys know my name  
Here we go spotlight on  
Working hard all night long  
Yeah I know you like this song  
Cause Monrose is the number one

Bridge:

We share the passion for the moment yeah  
We celebrate our time  
There's something new to blow your mind  
We'll do anything to make your dreams come true  
Nothing less will do  
Cause we love to entertain you

Chorus:

We love to entertain you  
We love to entertain you  
(We love to entertain you)  
You can't match what we've got  
On the catwalk in the club  
From the bottom to the top  
Ultra max non stop  
Once again you say "oh"  
We say "yes" we got the flow  
Time for you to loose control  
Are you ready for the show?

Bridge:

We share the passion for the moment yeah  
We celebrate our time  
There's something new to blow your mind  
We'll do anything to make your dreams come true  
Nothing less will do  
Cause we love to entertain you

Chorus:

We love to entertain you  
We love to entertain you  
(We love to entertain you)  
Love to love to  
we love

Bridge:

We share the passion for the moment yeah  
We celebrate our time  
There's something new to blow your mind  
We'll do anything to make your dreams come true
