

Monsoon, A good life

Try to find me if you can
See me dancing and hopping all around
Come on kiss me
Dont be shy
Be my sunny little piece of sky
Ill Show you something very special
Step into my groovy little world
Chorus:

What a good life ,what a good life
What a good life babyGood life.
Try to catch me if you can
While Im hiding jumping up and down
You can take me by the hand
We could build a castle in the sand
Got to show you something special
Step into my groovy little world
