

# Monsoon, A good life

Try to find me if you can  
See me dancing and hopping all around  
Come on kiss me  
Dont be shy  
Be my sunny little piece of sky  
Ill Show you something very special  
Step into my groovy little world  
Chorus:

What a good life ,what a good life  
What a good life babyGood life.  
Try to catch me if you can  
While Im hiding jumping up and down  
You can take me by the hand  
We could build a castle in the sand  
Got to show you something special  
Step into my groovy little world
