Monster Magnet, There's No Way Out Of It

There's no way out of here When you come in You're in for good There was no promise made The part you've played The chance you took There are no boundaries set The time and yet You waste it still

So it slips through your hands Like grains of sand You watch it go There's no time to be lost You'll pay the cost So get it right There's no way out of here When you come in You're in for good

Your life slips through your hands Like grains of sand You watch it go There's no time to be lost You'll pay the cost If you say no There's no way out of here When you come in You're in for good You blow your only chance away

There are no answers here When you look out You don't see in There was no promise made The part you've played The chance you took There's no way out of here When you come in You're in for good

Your life slips through your hands
Like grains of sand
You watch it go
There's no time to be lost
You'll pay the cost
If you say no
There's no way out of here
When you come in
You're in for good
You blow your only chance away

There's no way out of here When you come in You're in for good There are no answers here When you look out You don't see in There was no promise made The part you've played The chance you took

There's no way out of here When you come in

You're in for good
