

Monster Movie, Run To The Heart Of The Sunrise

Run to the heart of the sunrise
Run from your heart for awhile
But you only run from yourself
And the thoughts that you can't help
For the people you can't help
For the feeling you can't show
For the people you can't know
You always did
You always did
You always did
In my dreams I can always speak
Cause I know there only dreams
And they'll all get blown away
But all of the feeling stay
And thou I know you'll get away
And my self believe is gone
I just need myself to go on
I always did
I always did
I always did
