

Montgomery Gentry, If You Wanna Keep An Angel

There's one thing that I've learned in this life
The only thing sweeter than laughing with friends
Is the smile of a woman when you do a little something
To please her now and then
I like the night life, but I don't wanna be
One of those slouched over in the corner guys
Looking for a game that don't come here no more
Sleeping alone at night
I look a little rought, but I've got faith
That I still can change

I'm no angel
Just lucky that I found one
And I never wanna see her slowly flying out of sight
I'm not trying to preach it
But buddy, I believe it
If you wanna keep an angel
You've gotta learn to fly right

Oh, it goes without saying that I've never been
The kind of fella who would walk away

From a good time, barfight, late night party
At some stranger's place
Thing is, that a woman walked into my life shining
Maybe I'm just bathing in her light
Yeah, I know she deserves someone better than me
Yeah, I'm trying to be that guy
Truth is, this is all new to me
I guess it oughta be

I'm no angel
Just lucky that I found one
And I never wanna see her slowly flying out of sight
I'm not trying to preach it
But buddy, I believe it
If you wanna keep an angel
You've gotta learn to fly right

If you wanna keepa an angel
You've gotta learn to fly
You've gotta learn to fly right
Learn to fly right
