

Moonpools And Caterpillars, Soon

o its said and done
o im not the only one
how was i to know
no one told me so
i just landed here and struggled to get by
nothing much to see
oh so naive
and then it hit me like it has 1,000 times

one day soon its going to happen to you
and when it does it wont be pretty
one day soon its going to happen to you
and when it does...i wont be there

o its said and done
o im not the only one
how was i to see
the only difference is me
to think that holding steady hands would do just fine
one day youll agree
that you are truer to yourself than
anyone of us will ever be
