

Moonspell, Herr Spiegelmann

Look Me in the eyes and drown...

"Everyone considered the man in the blue jacket
as the most beautiful human being they have ever seen:

nuns saw on him the Messiah in flesh;

Satan's adorers the lustrous Prince of Darkness;

philosophers the Supreme Being;

young females an enchanted prince;

Men an ideal reflection of themselves."

Patrick Sskind: The Perfume

Look Me in the eyes and drown...

I am your vulture, your immoral sculpture

Mirrorman, who understands

I am you, I know you

Your fantasy and reality

I wait for you to welcome you in my dreamworld

My water-eyes

Look Me in the eyes

Touch me in the eyes and dream...
