Morandi, Hidin From The Sun

Look at me now What have you done? I'm hiding from the sun Away from this world, Hotness and cold The story of my life untold.

As my dream is getting over Loneliness is taking me to Places that I've never been before Do you remember How it used to be The night of December ...it was you and me.

Ref: Look at me now What have you done? I'm hiding from the sun Away from this world, hotness and cold The story of my life untold.

As my dream is getting over Loneliness is taking me to Places that I've never been before Do you remember How it used to be The nght of December ..t was you and me.
