

# Morgan Wallen, Last Night

Last night we let the liquor talk  
I can't remember everything we said but we said it all  
You told me that you wish I was somebody you never met  
But baby, baby, somethin's tellin' me this ain't over yet  
No way it was our last night

I kiss your lips  
Make you grip the sheets with your fingertips  
Last bottle of Jack we split a fifth  
Just talk about life goin' sip for sip  
Yeah, you, you know you love to fight  
And I say shit I don't mean  
But I'm still gon' wake up wantin' you and me

I know that last night we let the liquor talk  
I can't remember everything we said but we said it all  
You told me that you wish I was somebody you never met  
But baby, baby somethin's tellin' me this ain't over yet  
No way it was our last night  
No way it was our last night

No way it was the last night that we break up  
I see your tail lights in the dust  
You call your momma, I call your bluff  
In the middle of the night, pull it right back up  
Yeah, my, my friends say let her go  
Your friends say what the hell  
I wouldn't trade your kind of love for nothin' else

Oh baby, last night we let the liquor talk  
I can't remember everything we said but we said it all  
You told me that you wish I was somebody you never met  
But baby, baby, somethin's tellin' me this ain't over yet

No way it was our last night, we said we'd had enough  
I can't remember everything we said but we said too much  
I know you packed your shit and slammed the door right before you left  
But baby, baby, somethin's tellin' me this ain't over yet  
No way it was our last night  
No way it was our last night

I know you said this time you really weren't coming back again  
But baby, baby, somethin's tellin' me this ain't over yet  
No way it was our last night  
No way it was our last night
