

Morris, Desire

Baby outta my way
Don't you blow away
I really wanna say ... oh-oh-oh
I want you by my side
Then we can start the night
I wanna feel alright
Let's just dance tonight

Baby outta my way
Don't you blow away
I really wanna say ... oh-oh-oh
I want you by my side
Then we can start the night
I wanna feel alright
Let's just dance tonight

Your desire, takes me higher
And I burn like fire
'Cause I'm so inspired

Your desire, takes me higher
And I burn like fire
'Cause I'm so inspired

I just Wanna feel the same ... 2x

Baby outta my way
Don't you blow away
I really wanna say ... oh-oh-oh
I want you by my side
Then we can start the night
I wanna feel alright
Let's just dance tonight

Baby outta my way
