

Morten Harket, Lord

Lord, if that is your name
I'm afraid I'm beyond honour and shame
There's nothing special that I would like to say
Most of the time I did okay
though I know I may need you some day
it's long since you heard from me
Lord, it's long since I heard from Thee
There's nothing special that I would like to say
Most of the time I'm quite okay
though I know I may need you some day
Why you put me, Lord, on this road of lust
From ashes to ashes, from dust to dust
There's nothing special that I would like to say
Most of the time I'm quite okay
though I know I may need you some day
Lord, You know I will need you some day

though I may need you some day
Lord I'm gonna need you some day
