

Mother Love Bone, Mr. Danny Boy

hat can i take from you
what can i take from you
what's worth a plug nickel to a silly fool
what can i take from you
why did i leave you there
why did i leave you there
with your LONG BLACK KITTY and your funky hair
why did i leave you there
see mr. danny boy
did ya see mr. danny boy
he's a ROCK TOP BOXER just a bundle of joy
see mr. danny boy
why did i leave you there
why did i leave you there
with your long black kitty and your funky hair
why did i leave you there
said baby
stop lovin' by the rules
i heard the rumors danny
stop your talkin' danny- i heard the rumors danny, danny
lost down in santa fe
i had love with a runaway
and to think my daddy thought i was gay
lost back in santa fe
the RIFF MEISTER is my friend
the RIFF MEISTER is my friend
i love that mother fucker til the very end
BOLAN was my man
said baby
stop lovin' by the rules
i heard the rumors- danny
stop your talkin'- danny i've heard the rumors danny danny
it's a long, long road...for this here desperado
and it's cold cold cold, visions of tomorrow
when was the last time you wrote for me a song
