

# Motion City Soundtrack, Monsters Invisible

[Note: this song was renamed to "Invisible Monsters" on the re-issue of "Commitment"]

Woah woah, are you out there?  
Woah woah, are you listening at all?  
Woah woah, are you out there?  
Woah woah, are you listening to anything Ive said?

Its hard to believe I cannot exist without you.  
As hard as Ive tried, I cannot confess completely, yeah.  
These words were not meant to induce acts of likewise behavior. (behavior)  
Its just part of the curse,  
Im just trying to stay alive.

Woah woah, are you out there?  
Woah woah, are you listening at all?  
Woah woah, are you out there?  
Woah woah, are you listening to anything Ive said?

Its hard to admit, my weaknesses can consume me.  
I search for the cure in the bottles of varied volumes, yeah.  
The joke of it is I express myself without purpose (a purpose for living)  
Yet you devour my small bits  
Of madness and make-believe.

Woah woah, are you out there?  
Woah woah, are you listening at all?  
Woah woah, are you out there?  
Woah woah, are you listening to anything Ive said?

If I can pretend, I dont depend.  
I can deny, deny denial.  
Yet when push comes to shove and all the above,  
I decide to live the lie.

Woah woah, are you out there?  
Woah woah, are you listening at all?  
Woah woah, are you out there?  
Woah woah, can you hear me?  
Woah woah, can you hear me?  
Woah woah, can you hear me?  
Woah woah, are you out there?  
Woah woah, are you listening to anything Ive said?
