

Motley Crue, Every Inch A Woman

She's my jumpstart baby
She always seems to turn me on
Uses two hands on me
She'll never, ever do me wrong
I never need an invitation
'cause my girl never keeps me waiting

Please!
She's every inch a woman to me
Can't you see!
She's every inch a woman to me

Purrs like a kitty
Impossible to get enough
Smile like a devil
And gets me with her magic touch
Don't need to make her lots of money
Just make the time to lick my honey

Please!
She's every inch a woman to me
Can't you see!
She's my jumpstart baby
She always seems to turn me on
Uses two hands on me
She'll never, ever do me wrong
I never need an invitation
'cause my girl never keeps me waiting

Purrs like a kitty
Impossible to get enough
Smile like a devil
And gets me with her magic touch
Don't need to make her lots of money
Just make the time to lick my honey
