## Motley Crue, I Don't Care

You say you love him your life is cruel Somebody needs you someone's a fool Well I did everything to make you see You were the only one for me Just be aware I don't care

I still remember what you don't know We should have been there honey I won't go I took you anytime, anywhere It's so expensive baby I don't care Just be aware I don't care

## So say your prayers

I don't care if you need me
I don't care if you don't
I don't care if you believe me
Cause I'm sure that you won't
You can have all my money
I've never been unfair
I don't care

You say he loves you That may be true Honey I got something That's good for you
