

# Motley Crue, Rattlesnake Shake

She's a sex machine  
She keeps her engine hot  
Her motor clean  
Way she moves across the floor  
The way she shakes her hips  
And licks her lips  
Come on there girl  
Why don't ya shake that thing

Doing the rattlesnake shake  
Shake, shake, shake  
Rattlesnake shake  
Make my body ache  
Rattlesnake shake  
Shake, shake, shake  
Rattlesnake shake  
It's all I can take

She's got sassy class  
Bring you to your knees  
When she shakes her ass  
She's a voodoo, voodoo child  
Just one look wil drive you wild  
Slides through the night  
With a viper's smile  
Come on there girl  
Why don't ya shake that thing Doing the rattlesnake shake  
Shake, shake, shake  
Rattlesnake shake  
Make my body ache  
Rattlesnake shake  
Shake, shake, shake  
Rattlesnake shake  
It's all I can take

Sexy motion, just take my time  
The way she moves her lips  
Up and down my spine  
Got the rattle  
Snake wants to spit  
Call 9-7-6 and let my hand do the rest

Doing the rattlesnake shake  
Shake, shake, shake  
Rattlesnake shake  
Make my body ache  
Rattlesnake shake  
Shake, shake, shake  
Rattlesnake shake  
It's all I can take
