

Motor Ace, Carry On

Looking for a single thread
Of melody to help me get by
Where we're passing the time
Is it real?
Does it give too much away?
It's pouring out my heart
Till you come back
A reason to stay
Do you know
Is this way home?
Is this way
We just stare while the wheels fall off
But everyone seems to carry on, carry on
No time to tell you
How much we lost
Cause everyone needs to carry on, carry on
Looking for some words to say
There's no familiar faces round here
But the feelings the same
Is it real?
Does it give too much away?
It's pouring out my heart
Till you come back
A reason to stay
Do you know
Is this way home?
Is this way?
We just stare while the wheels fall off
But everyone seems to carry on, carry on
No time to tell you
How much we lost
Cause everyone needs to carry on, carry on
Carry on
Carry on
(Carry on, carry on)
Carry on
(Carry on, carry on)
Everyone needs to carry on, carry on
The places you know
The friends that you owe
Somewhere to go
Does it pay to be alone?
Will i fall?
Is this way home?
Is this way home?
Is this way home?
We just stare while the wheels fall off
But everyone seems to carry on, carry on
No time to tell you
How much we lost
Cause everyone needs to carry on, carry on
Carry on
Carry on
Carry on, carry on
Carry on
Carry on
Everyone needs to carry on, carry on
Carry on
It's the way I feel
Seem's like it's taking me over
