

# Motor Ace, Freefall

I won't breathe, if you won't talk  
Lose myself in the moment love  
I've been trying to dig deep  
But everything you've said rings cheap  
Yeah... selling a feeling  
Undertake  
Your reasons aren't mine  
Winning but you stole your best line  
I'm not envious  
I'm not envious  
Never sell cause you've got style  
Watered down, you feel it now  
I'm not trying to be deep  
Remember that your music speaks, yeah  
Cause we're feeling, yeah  
Undertake  
Your reasons aren't mine  
Winning but you stole your best line  
I'm not envious  
I'm not envious  
I'm not envious  
(Your reasons aren't mine)  
I'm not envious  
(You stole your best line)  
I'm not envious,  
I'm not envious
