

# Motorhead, Dirty Love

I could use some dirty love,  
You can't refuse my dirty love  
That's what I need, to satisfy my greed  
Come on over with your dirty love

I want to taste some dirty love,  
Don't want to waste your dirty love  
Whatever you got, you bet your life I won't ...  
I want to grab your dirty love  
Right there

I gotta have your dirty love  
I gotta have your dirty love  
I'll show you the way, to dirty love all night all day  
I'm gonna teach you dirty love  
Right now
