

Motorhead, ELECTRICITY

Don't speak of your beliefs
They are yours to keep
Memories will fade as time goes by
Remember just yourself
Me or someone else
You will be the only one to try
Freedom to believe don't cost a thing
Innocence should not be bought and sold
Kiss a bolt of lightning
It'll make you sing
Electricity deep in your soul
Don't tell me who I am
I don't give a damn
Your dreams are nothing
You're a nowhere man
Think you're really smart
Think you're pure in heart
Go ahead and tell yourself that
Disbelief don't ever cost a dime
Innocence should not be bought and sold
You need an open mind
Shiver up your spine
Electricity deep in your soul
Don't speak of time gone by
Don't even try
My memories are skulls and vultures in the sky
I remember everyone
Tall or deaf and dumb
Now I am the only one passed by
Freedom to believe don't have a price
Innocence never gets too old
You need a bolt of rock
Severe toxic shock
Electricity deep in your soul
