

# Motorhead, ELECTRICITY

Don't speak of your beliefs  
They are yours to keep  
Memories will fade as time goes by  
Remember just yourself  
Me or someone else  
You will be the only one to try  
Freedom to believe don't cost a thing  
Innocence should not be bought and sold  
Kiss a bolt of lightning  
It'll make you sing  
Electricity deep in your soul  
Don't tell me who I am  
I don't give a damn  
Your dreams are nothing  
You're a nowhere man  
Think you're really smart  
Think you're pure in heart  
Go ahead and tell yourself that  
Disbelief don't ever cost a dime  
Innocence should not be bought and sold  
You need an open mind  
Shiver up your spine  
Electricity deep in your soul  
Don't speak of time gone by  
Don't even try  
My memories are skulls and vultures in the sky  
I remember everyone  
Tall or deaf and dumb  
Now I am the only one passed by  
Freedom to believe don't have a price  
Innocence never gets too old  
You need a bolt of rock  
Severe toxic shock  
Electricity deep in your soul
