

Motorhead, Rock out

let the music comin'
and that how it sounds
and you never need to say that again
let the beating to you
let it turn you around
let it be your best friend
you are the future and thats your time
you and you and you....
just stay together and thats in your mind
what we gonna do
ROCK OUT
ROCK OUT
let it be your saviour
ROCK OUT
ROCK OUT
ROCK OUT
and you can get it here
leave me on the base
dont let down the girls
run into your hands and
another gets and i speaks
gonna down with nuts
the power is on your hand
you are the people and now you shine
you and you and you
just stay together and talk to your minds
what you gonna do
ROCK OUT
ROCK OUT
ROCK OUT
let it be your saviour
ROCK OUT
ROCK OUT
ROCK OUT
you can get it here
ROCK OUT
ROCK OUT
with your cock out
impress your lady friends
ROCK OUT
ROCK OUT
ROCK OUT
tell me how does it ends
yo..
