Motorhead, You Ain't Gonna Live Forever

Stay out of trouble, listen to your mother,
Don't talk to strangers, stay away from danger
Do whatever you like, just be good to yourself
You can't be safe, mixed up with the human race

You must be a good boy, don't you be a true boy
Cuts in between, and don't you be a rude boy
If you don't do it right you'll make a fool of yourself
You gotta show them fools, what you think of their rules

You ain't gonna live forever,
You ain't gonna live forever,
So live right now.

Stay out of jail, don't tamper with the mail
Don't be a loser, don't you be a loser
Do you whatever you like, don't get ahead of yourself
You can't be clean, if you know what I mean

You ain't gonna live forever,
You ain't gonna live forever,
So live right now.

Go for it.
