

# Mott The Hoople, Foxy, Foxy

Baby Baby tried to phone you - they said you were gone  
Baby Baby please come home to me where you belong  
Foxy Foxy - you're all I have to hold  
Don't leave me alone out in the cold

Baby Baby how I missed you - my love grows so strong  
Baby Baby wanna kiss you all night long  
Foxy Foxy oh you're all I'm living for  
You're all I see - I need nothing more

When I put my arms around you - I'll surround you  
Make a vow to  
Never see you sighing - darling when you cry it makes me die

Foxy Foxy oh I need you every day  
Not just when you want - not just when you say  
But I know I'll always love you  
Stars above shine down upon you  
Never leave me ever  
Darling will you be forever true?  
Foxy Foxy come out tonight  
Foxy Foxy it'll be alright  
Foxy Foxy oh let me into your heart  
Foxy Foxy give me one more chance  
Foxy Foxy give me one more dance  
Foxy Foxy don't let them keep us apart  
Foxy Foxy don't neglect me  
Foxy Foxy please don't reject me  
Foxy Foxy don't let it end 'fore it starts  
Foxy Foxy oh-oh-oh-oh  
Foxy Foxy oh-oh-oh-oh  
Foxy Foxy oh-oh-oh-oh
