

# Mott The Hoople, Love Now

(Overend Watts)

I need love, I need it now,  
Not tomorrow, but right now,  
You look good, but you don't look nice,  
Be my friend, just once or twice.

I don't wanna settle down,  
I just wanna fool around  
Gimme something that I want....

I want love, and I wannit now,  
Not in two seconds, I wannit now,  
You're feeling bad, aw, that's a shame,  
Come over here, I'll fix the pain!

A little action is what I need,  
If you don't like it, then you better leave,  
I'll tell it to you straight down the line  
Don't ask no questions, we ain't got time!
