

Mousse, Pop Music

I never thought I would say this
But it seems I was wrong
Cos since I met you girl Ive had a feeling that is so strong
Its taken so long to realize what I have
So dont get me wrong when I say this words to you
Your love is like my favorite pop music
Coming out the radio sound
And if I tried I couldnt refuse it
It lifts me when Im feeling down
Your touch is like a sweet soul melody
Im a junkie for your stuff
And since Ive been in tune with you girl
I cant seem to get enough
I was to wrapped up in myself
To notice that you were there
Spent my time in situations that were leading nowhere
Its taken so long to realize what I have
But now that I know I wanna spend my life with you
Your love is like my favorite pop music
Coming out the radio sound
And if I tried I couldnt refuse it
It lifts me when Im feeling down
Your touch is like a sweet soul melody
Im a junkie for your stuff
And since Ive been in tune with you girl
I cant seem to get enough
