

MoZella, Can't Stop

Speak to me, read my mind
Fill your mouth, with flesh and wine

And I'll be yours, just give me time
Give me time...

Cause you have everything I could ever want
You have everything I could ever want
You speak to my soul like you've known it before
And I just can't stop
Lord I can't stop, myself
I can't stop
Lord I can't stop, myself, now...

I'm loosing sleep, over you
And I don't know what, I've got myself into
You just have something that I need
I can't put my finger on it
You can't put yours on me

You have everything I could ever want
You have everything I could ever want
You speak to my soul like you've known it before
And I just can't stop
Lord I can't stop, myself
I can't stop
Lord I can't stop, myself, now..

(Now) That you know, I can't get enough
I gotta have all your love

You have everything I could ever want
You have everything I could ever want
You speak to my soul like you've known it before
And I just can't stop
Lord I can't stop, myself
I can't stop
Lord I can't stop, myself
I won't stop
Lord I can't stop, myself
I can't stop
Lord I can't stop, myself, now...
