Mr. President, Jojo Action

I'll follow the sun Into a new day I'll follow the sun Right to the place I wanna be We can make the world go round Why don't you follow me Right to the place I wanna be Yeah, we can make The world go round Why don't you follow me Right to the place I wanna be Dreams can make you happy If you really let them win We can make the world go round There's so much to begin I know a better place I need your warm embrance Take my hand I'll take you to the land Where you've never been With you by my side I can ride to the moon on a violin You make me feel so right I need your love tonight Rap: Sun shining in my face And feel the need for some Sunny place Up and away from Hustle and bustle of the city Where life is such a pity I need you right here in my arms Underneath the shade of sunny palms Where the skies are blue And we can have some fun I`ll follow you Like I`ll follow the sun
