

Mr. T Experience, One Big Lie

I heard you I heard you
I hope you hear me
I want to believe you but I can't agree
I won't believe what I can't see
you can't fool me
One big lie
I talked to you all night
you told me your views
you made me an offer I couldn't refuse
but that doesn't mean a f**king thing
just a smokescreen
so don't try to tell us you've thought it all through
because we know the lie and we're smarter than you
I won't believe a f**king thing
you can't fool me
