

Mr. T Experience, You're The Only One

youre the only one for me
I tell you three or four times a day
when youre with me im happy
im lost and lonely when youre away

everynight I have to spend without you
my suffering grows ever more and more
I wouldnt suffer like this for just anyone
youre the only one I wanna suffer for

youre the only one

now weve established something precious
but chances are it could go awry
when we find how weak the flesh is
shattered scattered hung out to dry

itll all come out when its discovered
clearer than the tear drop in my eye
but I dont wanna get screwed over by just anyone
youre the only one I wanna get screwed over by

youre the only one

my heart is a mess, yes its true
ive tried to fix it up, just for you
its not done yet, but it will have to do
ooooh

I know there are so many others out there
who might like a chance to get a crack at it too
but if my hearts gonna get broken anyway
your the only one I wanna get it broken by

youre the only one (x20)
