If you're out takin my love, to anyone, anywhere...
I just can't be that chick that's gonna share, no, no,
And if she don't mind,
That's her business,
Nigga better take it there.

[Chorus]

Coz I'm, Sick 'n' tired of the talkin,
Sick 'n' tired of repeating myself,
And just cheatin myself,
Sick 'n' tired of the way that you play,
Shit you say,
Ballshit you portray,
So I'll be on my way.
Boom, bye, bye, you can kiss this kitty-kitty, Boom, bye, bye,
Nigga it's a pity but its, Boom, bye, bye,
You can kiss this kitty-kitty, Boom, bye, bye,
Nice try.

[Verse 2]

Must of thought that I'd be your foolish chick,
Mus of thought I was the type you used to deal with,
Must of thought that I'd turn a blind eye, and take it,
You thought wrong.

Must of thought that you was my completness,
Must of thought that my kindness was weakness,
You thought wrong.

With my nigga playin, around while I sit and play the fool.
My self respect won't let me change the rules,
And if she don't mind,

Then my bruvva she the one for you.

[Chorus]
