

Mtume, Juicy Fruit

you now very well what you are
your my sugar thang my chocolate star
I've had a few but not that many
but you're the only one that gives me good and plenty

Juicy Fruit---juicy

Candy rain coming down
taste in my mind
and spread you all around
here I am oh this loves for you
hey baby swee as morning dew
close my eyes oh what fantasy
and yur right here with me

Juicy

Cherry blossom kiss
is what you givin'
makes my body rock
keeps me sizzlin'
do what you will
I don't care
I'll be your lollipop
you can lick me everywhere

Juicy Fruit---your so (juicy) Juicy
juicy fruit---juicy

Here I am this loves for you
hey baby your sweet as honey dew
close my eyes oh what fantasy
and your right here with me

Juicy---Juicy Fruit (repeat until end)
