

# Mucky Pup, Short Attention Span

i got a short attention span, cause i am an american  
must be something in the air, fast food, t.v., i don't care

home of the big cars, home of the soft minds  
just the thing, that i despise  
the kids can't read, and the kids can't spell  
i'm telling you mom, this place is going to hell

america is the, drive-thru nation  
everybody's got their own, television station

i come from the, velvetta generation  
keep it simple, cause i can't deal with complication

wow - growin' up american  
yea - we're growin' up american  
wow - growin' up american  
yea - that's grown' up american
