

# Muddy Waters, Evil

I went through the jungle I met a king snake  
He said excuse me mister I think I made a mistake  
I looked at the lion He bowed his head  
I looked at the tiger And he fell dead  
Oh so evil Evil, as anybody can be

You know I'm the hoochie coochie man  
Don't nobody mess with me  
I met an elephant, it was big as a house  
I made him reduce so he looked like a mouse

I met a bear And he was so big  
I made him lose his hair and now he needs a wig  
Oh so evil Evil, as anybody can be  
I'm so darn gone evil  
Don't nobody mess with me

I met a rattlesnake, he thought he was smart  
He was double dealing ace card  
He sneaked up and bit me Stretched out and died  
So when you see me coming You better run in high  
Oh so evil Evil, as anybody can be  
I'm a nature born lover Don't nobody mess with me
