

# Mudhoney, Buckskin Stallion Blues

I heard her sing in tongues of silver  
I heard her cry on a summer storm  
I loved her but she did not know it  
So I don't think about her anymore

Now she's gone and I cannot believe it  
So I don't think about her anymore

If three and four was seven only  
Where would that leave one and two?  
If love can be and still be lonely  
Where does that leave me and you?

Time there was  
And time there will be  
Where does that leave me and you?

If I had a buckskin stallion  
I'd tame him down and ride away

If I had a flying schooner  
I'd sail into the light of day  
If I had your love forever  
I'd sail into the light of day

Pretty songs and pretty places  
Places that I've never seen  
Pretty songs and pretty faces  
Tell me what their laughter means  
Some will cry and cry forever  
Tell me what their laughter means

If I had a buckskin stallion  
I'd tame him down and ride away  
If I had a golden galleon  
I'd sail into the light of day  
If I had your love forever  
I'd sail into the light of day
