

# Mudhoney, Good Enough

I've made mistakes  
That I'm sure I'll make again  
Guess I liked them enough  
The first time around  
No way to fight them  
No use denying  
The way it grows  
Uh-huh

Whatever happens  
Never thought for a second  
That I'd let go  
Uh-huh

Everybody says  
You must have lost your head  
Well, one more time is good enough for me  
Yeah, one more time is good enough for me

It's a hard road to your heart  
And there was a time when I never thought I'd get that far  
Uh-huh

Everybody says  
You must have lost your head  
Well, one more time is good enough for me  
Yeah, one more time is good enough for me
