

# Muggy Mr., Alongside The Road

Been standin' alongside the road  
for hours seem like days  
the rain it's coming down  
down upon my face

I said hand to mouth  
the way I live my life  
lost without a care  
I'm out on my own  
ain't got nobody home  
my home is everywhere

You say you want it  
Man I haven't got it  
If I had it I'd give it away  
'Cause all I want  
Is to sleep...a warm bed  
Somewhere to pass the night away

You people you look down on me  
'Cause I won't look up to you  
I must be crazy  
You're not like me  
Well that's some kind of attitude

As you walk on by  
With your nose up high  
Your money, your place to be  
I'm not a bad guy  
I'll tell you people why  
'Cause someday you might end up like me, yeah

You say you want it  
Man I haven't got it  
If I had it I'd give it away  
'Cause all I want  
Is to sleep...a warm bed  
Somewhere to pass the night away

You say you want it  
Man I haven't got it  
If I had it I'd give it away  
I don't need your sympathy  
'Cause you're not gonna give it to me anyway

You saw me standin', you saw me standin'  
alongside the road  
you saw me standin', you saw me standin'  
alongside the road  
you saw me standin', you left me standin'  
alongside the road  
you left me standin', you left me standin'
