

Mull Historical Society, Asylum

I'd lend you my mind but I'm crazy
I'd remember times but I'm carefree
So please sit on the sunny side of me

I send all the signs but they fail me
I'd fill in the forms but I get hazy
So please sit on the sunny side of me

Asylum
Asylum
Asylum
Asylum
Asylum here I come again

I'd lend you my crown but I'd get stable
I bend I must bend to the crazies
So please sit on the sunny side of me

Asylum
Asylum
Asylum
Asylum
Asylum here I come again

And I want to feel real not confused
Night and day
Night and day
Somebody else must be with me
Somebody else must be with me
Must be with me

I'm losing control of control again
I'm falling in love with love again
So please sit on the sunny side of me
