

Mull Historical Society, Don't Take Your Love Away

Don't take your love away from me
It's hardly insane for me to let you know

Don't take your love away from me
It's got to be insane for me to let it go

And you let me notice
And you set me free
And you helped me notice
About the world outside of me

Don't take your love away from me
I have to turn away from you to let it show
Don't take your time to say to me
Why does it feel so strange for me to want it more

And you let me notice
And you set me free
And you helped me notice
About the world outside of me

And by the dawning
I better take time to face it
A new day dawning
Don't turn away

Don't turn another page from me
Or turn your love away from me
I want it more

And you let me notice
And you set me free
And you helped me notice
About the world outside of me
