Mullins Rich, All The Way To Kingdom Come

Rich Mullins

We didn't know what love was 'til He came And He gave love a face and He gave love a name And He gave love away like the sky gives the rain and sun We were looking for heroes, He came looking for the lost We were searching for glory, and He showed us a cross Now we know what love is 'cause He loves us All the way to kingdom come (All the way) All the way to kingdom come Love is a miracle It's a miracle if you can find it And miracles are hard to come by these days (these days) But the sweet Lord Jesus, he's a miracle man He's got holes in His feet, in His side, in His hands And if you ask for love, love pours through them Like a ray of light, like a raging blaze We didn't know what love was 'til he came And He gave love a face and He gave love a name And He gave love away like the sky gives the rain and sun We were looking for heroes, He came looking for the lost We were searching for glory, and He showed us a cross Now we know what love is 'cause He loves us All the way to kingdom come (All the way) All the way to kingdom come Life is a mystery It's a mystery we're all living This world is so fragile And we're so frail, so frail Yeah, with the sweet Lord Jesus, His mysterious heart Keeps the life-blood pumping at the center of it all If He let go of us, we'd all blow apart But He holds on tight, His love don't fail We didn't know what love was We didn't know what love was 'til He came And He gave love a face and He gave love a name And He gave love away like the sky gives the rain and sun We were looking for heroes, He came looking for the lost We were searching for glory, and He showed us a cross Now we know what love is 'cause He loves us All the way to kingdom come (All the way) All the way to kingdom come All the way to kingdom come (All the way) All the way to kingdom come (All the way)
