She can do anything  
What does she see in me  
I wouldn't change a thing  
I no longer feel so empty  
So I'm listening  
No words that I can hear  
But I'm seeing  
For the first time things are clear

But I'd still like to know  
What do I do for you  
Wanna be a part of me  
Take all you see  
Anything of me

I've been in love  
And I held on to it's bliss  
Never realized  
That this kind of love exists

So I'm listening  
Your words are what I hear  
You have shown me  
It's so simple when your near

I've been in love  
And I hold on to it's bliss  
Now I realize  
That this kind of love exists  
I'm listening  
For the first, for the first time
